A background image showing a wireframe cityscape with several tall buildings of varying heights and widths, rendered in a light gray color. The buildings are composed of a grid of lines representing structural elements.

ABOUT US

A full-service multi-disciplinary engineering and construction firm, **IKAconstruction** is defined by dynamic leadership and a team with extensive experience. Established in Beirut Lebanon in 2014, we rapidly positioned ourselves as the choice for superior engineering solutions without compromise, which led to our successful expansion into Qatar. Offering superior consultancy services and construction solutions to contractors and developers throughout the Middle East and Africa, **IKAconstruction** stands for know-how and commitment.

We believe that premium quality doesn't have to come at a premium price and this is why we make quality affordable, adhering to specifications, implementing strict safety standards, respecting budgets, and meeting deadlines.

This is also why we offer the most up-to-date and environmentally friendly construction techniques and systems to help build a better and more sustainable future. Specialized contractors and construction experts, we excel at full fit-out; wood work; steel work and steel structures; aluminum and glazing works; flooring; walls and cladding; ceilings and partition; furniture; paints; and waterproofing.

To provide you with added value, we have partnered with global industry leaders. This enables us to supply and apply systems with the direct supervision of the manufacturer.

Our equalitarian corporate culture means our management is highly involved in daily work and our team is empowered. This eliminates bureaucracy, drives ambition, builds trust, heightens satisfaction, and grows market share.

OUR MISSION

We do things with the highest commitment. Why? Because we're eager to prove ourselves and are dedicated to delivering excellence.

At **IKAconstruction**, our goal is to provide you with the most durable, sustainable, and economical solutions that are cutting-edge alternatives to the inefficiencies and drawbacks of conventional building systems. We're here to raise standards and to ensure quality work is within your means.

OUR VISION

IKAconstruction doesn't only aim to be a reference in the GCC, Middle East and Africa and to open more branches. We genuinely want to help the region rapidly grow in the most sustainable and environment-friendly way possible.

In light of this we plan to spearhead CSR initiatives that give back to the community. And we want to become an employer known for retaining talent and treating our team as family.

OUR SERVICES

The expertise, scalability, and quality you need.

Full-fit-out

Transform any interior space from a white box or shell into a space with identity and everything you need. Regardless of whether it's for a new build or an old interior space, our fit out and contracting services merge aesthetics with functionality.

Ceilings And Partitions

Reach the height of aesthetics and practicality. Partitions, dropped ceilings, concave ceilings, coffered ceilings, coved ceilings, stretched ceilings, and acoustical ceilings in gypsum, mineral fiber tiles, and meta tiles are all within our expertise.

Wood-work

From decorative touches to woodwork for all your general construction needs. Carving, woodturning, joinery, and carpentry excellence come together with superior finishing. Our experience includes know-how in selecting the most suitable softwoods or hardwoods for optimal results and mastery using the right hand-tools and power-tools for precision.

Furniture

Meticulous furniture-making based on your designs, specs, and requirements. Our skilled team can manufacture customized furniture for residential, commercial, institutional, and industrial projects. The best made to order furniture.

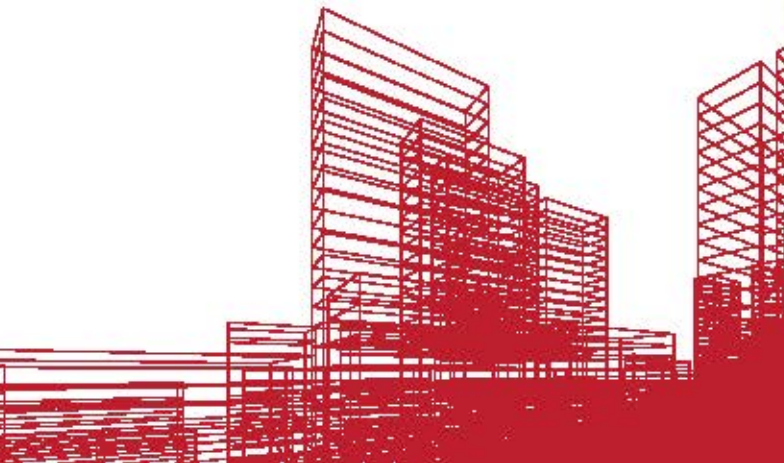

To offer you superior quality at competitive prices, we have partnered with Mobilitop, a regional leader and “one stop shop” for all furniture needs including decorative items, carpeting, and lighting. Established in 1976, Mobilitop has ties with manufacturers in Italy, Germany, Belgium, France, Turkey, China, and Malaysia and boasts a Quality Management System in accordance with ISO 9001:2008 international standard.

Steel Work & Structures

Strong and durable steel work and structures with a commitment to maximizing safety and minimizing environmental impact.

Our steel work and steel structure expertise encompasses marking out, assembling, cutting, maintaining, and repairing all types of buildings and structures. Using bolting and welding to assemble steel components on site, all our practices are rooted in quality management.

Paints

Professionalism, quality, and durability meets attention to detail and expert application. Our services extend from wood finishes to wood adhesives for gap filling, wood coating, tintometric system, industrial finishes, decorative finishes, construction chemicals, powder coatings, glass paints, and 3D epoxy flooring.

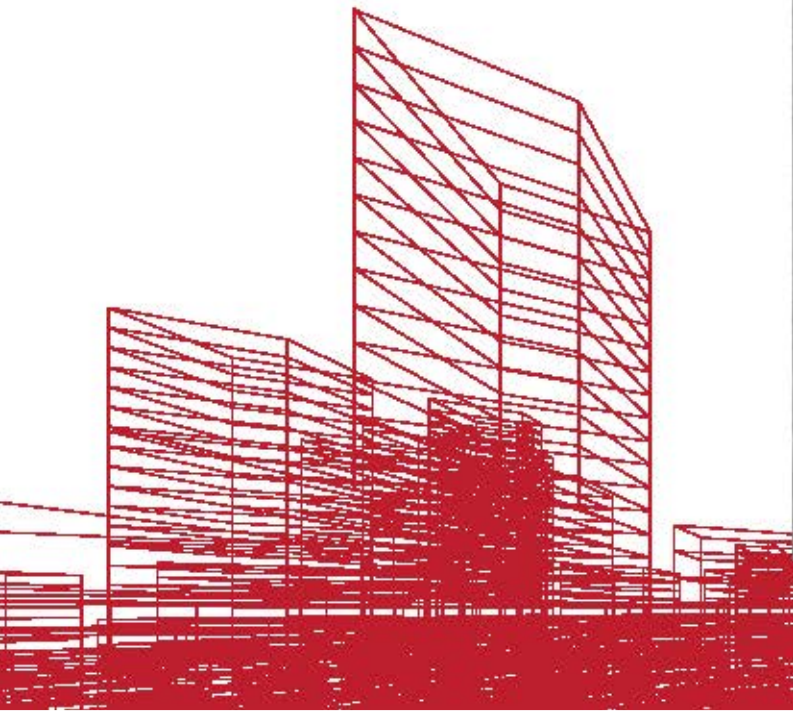

Flooring

Benefit from perfect flooring with impeccable installation. We guarantee neat finishing and long-lasting durability whether you need subfloor work, self-leveling, raised access flooring or carpet, wood, vinyl, epoxy, ceramic, and marble flooring.

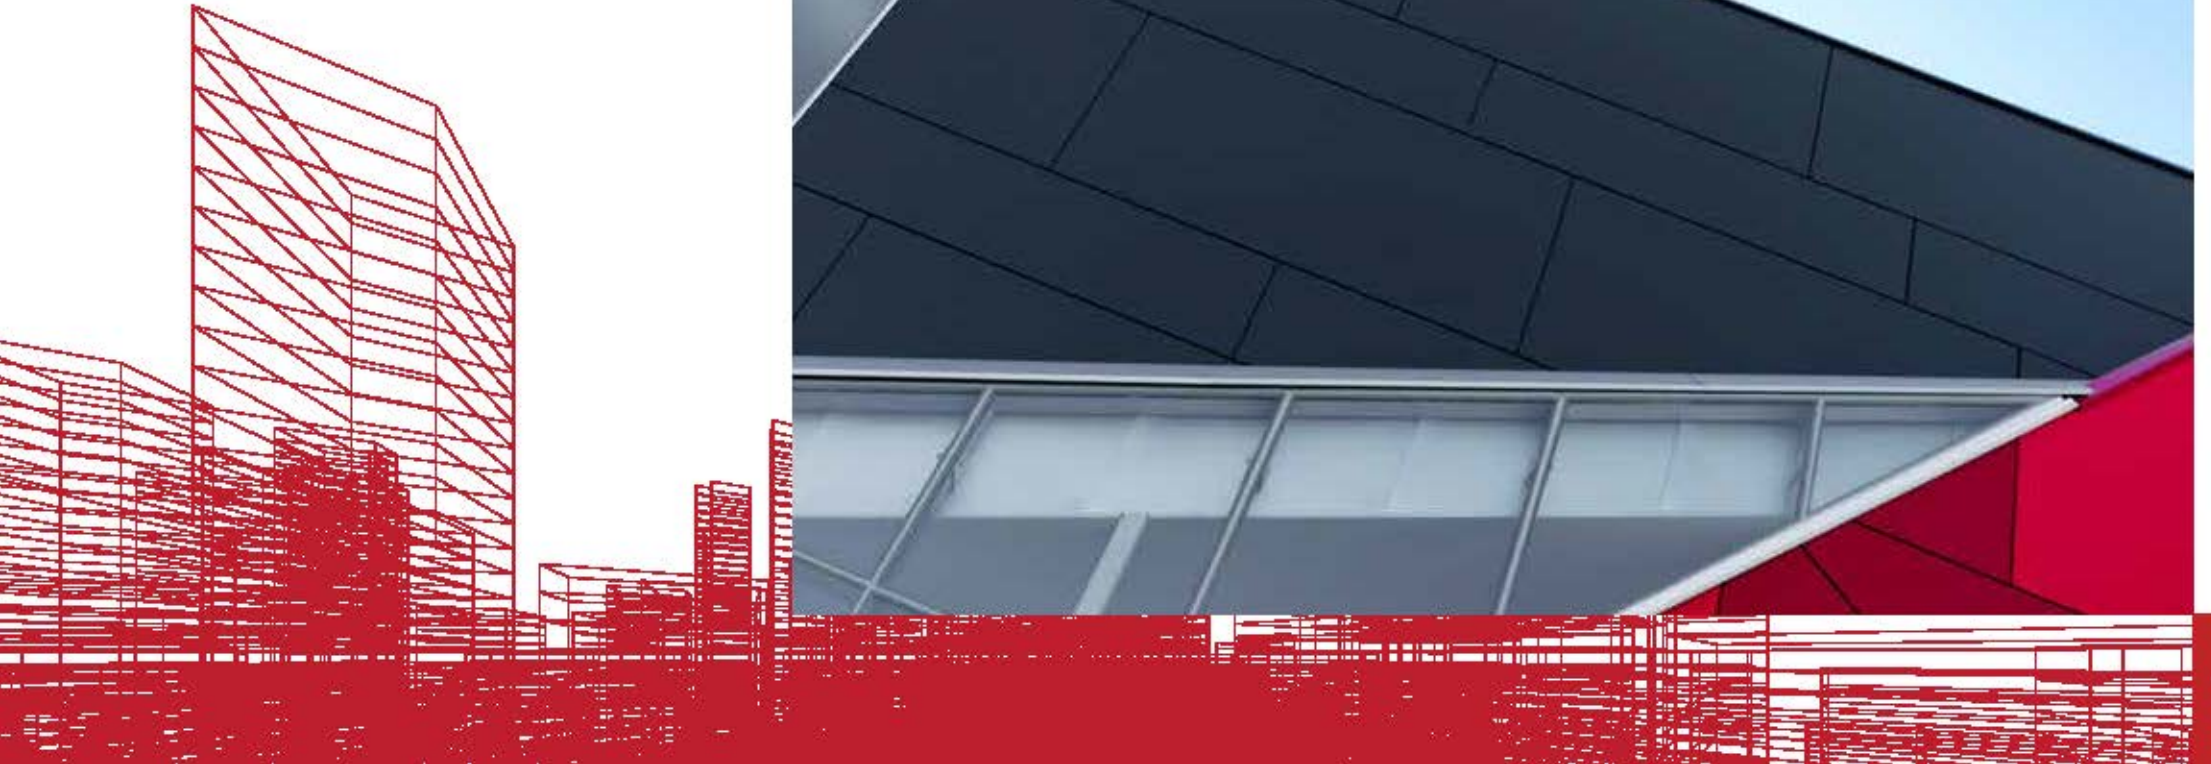

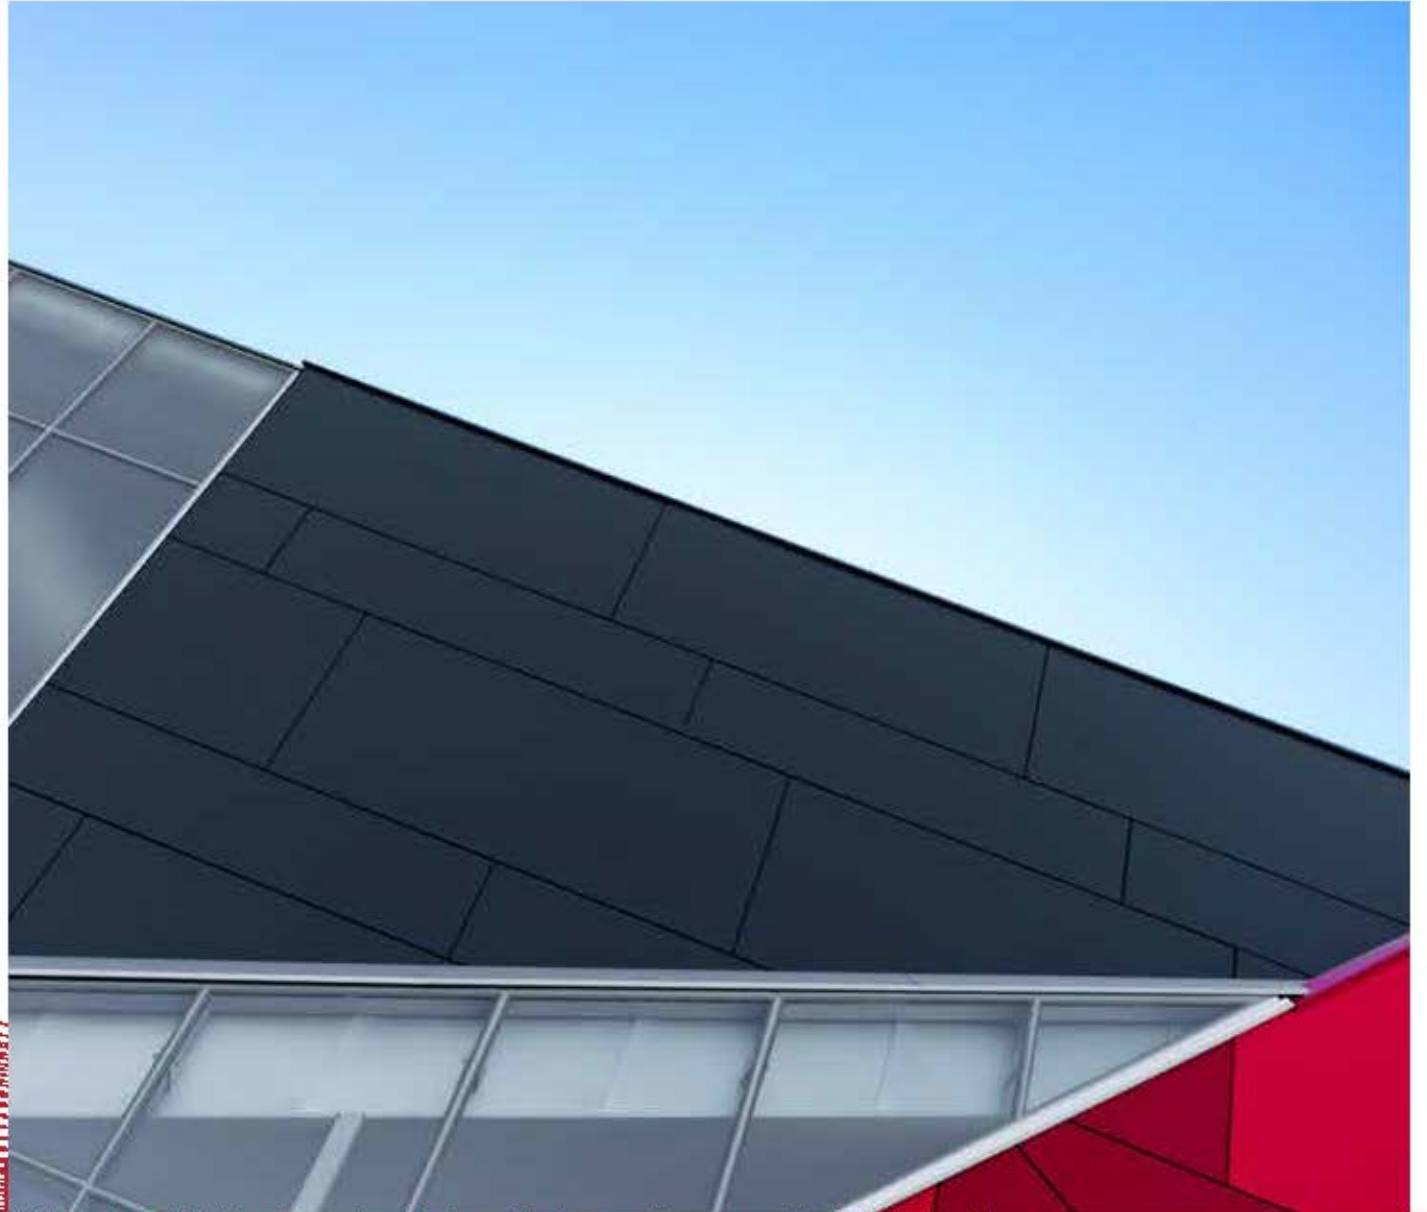

Waterproofing

Protect against the elements and control the environment. Our waterproofing services go beyond creating a building envelope. We excel at providing water-resistant and waterproof roof covering materials, foundations, siding, and more.

Walls and Cladding

Get the ideal appearance, weather resistance, and thermal insulation. Our walls and cladding expertise extends from wood, gypsum and metal cladding to paint and fabric wall coverings.

Fabrics, Curtains and Wallpaper

In response to the increasing demand for quality finishing and furnishing works for hospitality, healthcare, commercial, residential projects based on a solid reputation for commitment to excellence and a dedication to fulfill client satisfaction for supply and installations fabrics, curtains and wallpapers, we have partnered with exclusive American and European brand names of luxury fabrics : Stroheimbricut, Trend, La Madrid, S.Harris, Chanee, and etc... Designers such as Vern Yip, Nate Berkus, and Isabelle De Borchgrave all feature within our 2021 collection. Our catalogs are rich in residential, commercial, health care and hospitality contract fabrics and Wallpapers. We also do value engineering of fabrics and wallpaper.

OUR PROJECTS

IKAconstruction's projects are testament to quality and reliability. Innovative problem solvers, we bring our clients' visions to life, no matter how complex or challenging. Since our inception, we have successfully delivered numerous residential, commercial, institutional, and industrial projects in Lebanon and Qatar.
